CARRA GARZA (San Antonio, Texas) and TRACY LYNCH (Boerne, Texas)

Curious Cuttings and Rebellious Rhizomes

Studio Comfort Texas

Two artists turn to the natural world to find solace and resilience, employing lens-based interpretations and solar printing methods of their flora familiars. In a time when many are tuned constantly to the current trials of the modern world, Garza and Lynch rebel gloriously by focusing on the undeterred plant life nurturing us even as we struggle within our own species.

“In every walk with nature one receives far more than he seeks.”
